

Recommendations for *Healing Scriptures and Prayers*

Faith in the promises of God is the most important aspect of the ministry of divine healing, as well as the way to a walk in divine health. Jeff Doles has labored diligently to correctly lay out those healing promises in such a manner that this book can be both a refreshment to the soul of an individual needing a wonderful touch of Christ, or the person who is desiring to operate in the ministry of divine healing and setting people free. I would also recommend this book to every Healing Team/Healing Rooms ministry as an important working instrument for their own faith and the building of faith in those to whom they minister.

This book comes from the heart of Jeff Doles, because he has a passion to see people walk in divine health. I have known Jeff for years as a student and lover of the Word of God. He has done a wonderful job laying out the scriptures on healing. As I read through them, my heart explodes with faith as I see the great love and plan God has for His people. I love the prayers because they are such a practical way to make the scriptures become yours. I believe this book to be an excellent resource for those hungering to walk in divine health.

Jeff Doles has blessed the body of Christ with *Healing Scriptures and Prayers*. This well written book will take the reader on an enlightening journey through the Word of God. Familiar passages of Scripture will take on new meaning and many special treasures of knowledge will bring increased understanding of the ways and the grace of God. This book is not just for those wanting physical healing, but for everyone who wants a deeper and richer relationship with God.
